Blockchain-Powered Educational Credential Systems

Dear Verifiers,

If you are either "schools' enrolment officer who need to verify new candidate's all kinds of documents" or "HR officers from various industries who need to verify job applicants' qualifications", you are the ideal participant we are looking for. The social survey you're seeing right now is part of our ongoing research on "Blockchain-Powered Educational Credential Systems."

Your work may include: 1. Evaluation of the applicant's resume; 2. Background screening (e.g. verification of the candidates' academic credentials etc.). Your valuable working experience will provide us with first-hand information on the existing verification process and make a great contribution to this research.

An ethics approval has been granted by the Monash University Human Research Ethics Committee. To know more about this project, please read the project [explanatory statement](#).

There are a total of 3 short-answered questions below, it only takes you about 3 minutes. Thanks for your time and participation. If you have any questions, please contact our co-Investigator: Zoey Ziyi LI (email: ziyi.li@monash.edu)

I have read and understood the Explanatory Statement and I hereby consent to participate in this project.
